Planning & Development Department BUILDING ACTIVITY APPLICATION PACKET

Licensing Timeframes – A.R.S. 11-1605

As of September 13, 2013, residential, subdivision and commercial design-build permitting projects have been exempted from the above referenced statute. Commercial and industrial permitting projects continue to have two review phases – Administrative (performed at the point of intake) and Substantive involving technical review of the submittal plans and documents.

Depending on the permit type, there may be multiple areas and departments reviewing the plan submittal, i.e., Zoning Plan Review, Building Plan Review, Drainage Plan Review, Environmental Services, the Flood Control District, and/or the Department of Transportation. Once all areas have reviewed, any comments will be sent by email in a Combined Review format listing each area and the results or findings. The combined review cycle must be complete prior to any resubmittal.

Any review comments or requests for supplemental information will reference the applicable ordinance, regulation or code supporting the comment / request.

Fee Information

- For residential projects, there is an online fee estimator to assist with planning / preparing for your project - <http://www.maricopa.gov/planning/Resources/Other/FeeSchedule.aspx>
- An upfront fee will be required upon acceptance.
- If the application / permit submittal is not approved on the initial review, full permit fees will be required at the time the revised submittal is accepted.
- Any remaining fee balance must be paid prior to permit issuance.
- If a permit application is denied, any unearned fees will be refunded.

Pre-Application Meetings

- Commercial projects will require a Pre-Application meeting at a cost of \$350.00
 - (Excluding wireless cell tower facilities, tenant improvements and those projects that participated in the Pre-Application process during the entitlement or Planning phase).
- Residential projects with an open Code Enforcement Violation case may be required to have a Pre-Application meeting prior to accepting the application / submittal packet at a cost of \$150.
- Residential projects may choose to participate or schedule a Pre-Application meeting at a cost of \$50.

Personal Guarantee of Financial Responsibility

I, _____, (print name) hereby absolutely, unconditionally and irrevocably guarantee to Maricopa County the prompt payment of any and all fees and charges in connection with this application, without the necessity of Maricopa County first seeking payment from the named applicant.

This includes that if at any time, a written cancellation is submitted for this project application, I personally guarantee prompt payment of the balance of any and all fees and charges incurred.

Development Disclaimer Notice

By initialing / signing this application and disclaimer, I state that I am either the owner of record of the parcel and/or authorized by the owner(s) to represent them regarding the subject parcel. I understand that the issuance of a Building Permit for this property (APN _____) by Maricopa County **DOES NOT GUARANTEE THE AVAILABILITY OF POTABLE WATER AT THIS SITE.**

I also am aware and understand that issuance of the Building Permit does not obligate Maricopa County to issue a permit for electrical service for a shared well to serve this site, should this site be included within a private shared well agreement.

Initials:

PERSONAL ASSURANCE OF SUBMITTAL ACCURACY

I, _____, hereby unconditionally and without reservation guarantee and warranty to Maricopa County that the documents submitted to Maricopa County Planning and Development, including but not limited to the application materials and/or any and all site plan(s) and building plans, provide a true and accurate depiction of the requested construction and accurately reflect the existing conditions of the subject parcel.

I also certify, to the best of my knowledge, that each of the buildings, structures, and conditions reflected on the submitted plan is in compliance with the Maricopa County Zoning Ordinance, which may be found at http://www.maricopa.gov/planning/Resources/Ordinances/pdf/reform_ordinance/mczo1.pdf

I am aware that Maricopa County Planning and Development will rely upon the accuracy of the materials provided to perform a Zoning Clearance review, as required in the Maricopa County Zoning Ordinance, Section 1504.5. I have also seen and verified that the submitted site plan materials include and accurately provide all listed items on the Department's Site Plan Checklist.

I am aware and understand that the issuance of a Building Permit does not represent that Maricopa County has verified or authenticated the veracity of any materials submitted in support of the application for permit. I understand that Maricopa County will issue a Building Permit based upon the subject materials and that any falsification of documentation submitted as part of this permit application may void the Building Permit upon which it is based.

In addition, issuance of a Zoning Clearance in conjunction with this application by the Department does not approve or imply the approval of other structures, permitted or unpermitted, which may be on the same property, but which are not the subject of this permit request.

INSPECTION GUIDELINES

The value and safety of your structure rely heavily on obtaining a building permit prior to construction. A building permit is your reassurance that your building plans, as well as the structure you build, will be inspected for minimum code safety.

Your permit is valid for 180 days. However, you may apply in writing for a one-time extension prior to the expiration of your permit. Please schedule a final inspection once your project is ready for occupancy. A final inspection is mandatory prior to occupancy. An inspector will check for any hazards or unsafe construction to ensure your family has a safe place to work and live.

A building permit with all inspection approvals may also affect the resale value of your home. Many insurance companies do not recognize structures, additions or remodeling installed without a permit and inspection. Many unfortunate situations have occurred when individuals have built without a permit. For instance, insurance companies may negate a policy if damage occurs in an area built without a permit. So, protect your investment with a building permit.

Read the details below to expedite the inspection process:

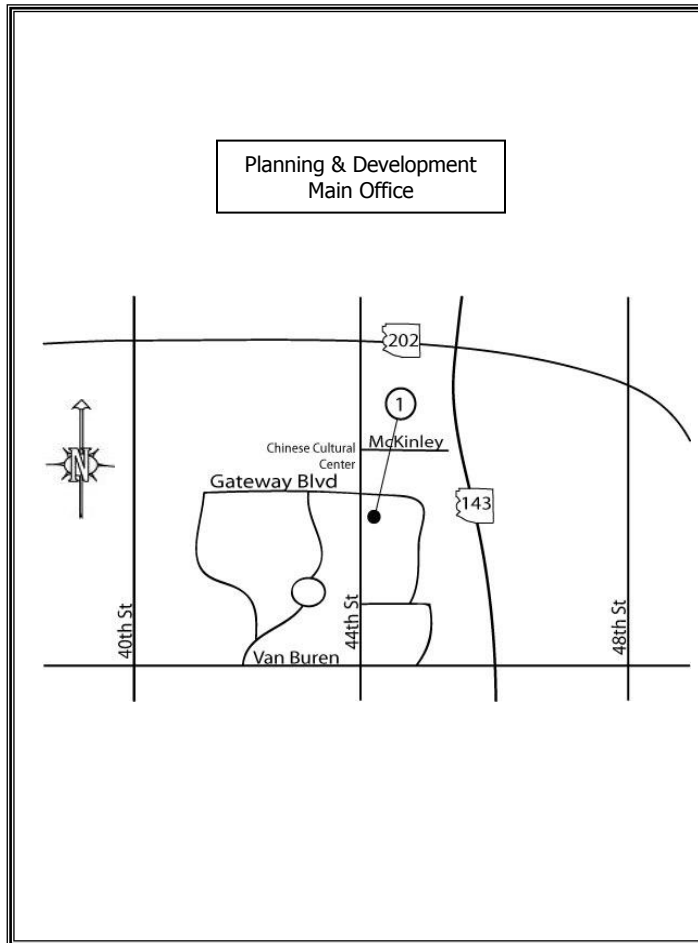

- Post address on site, visible from the street, to assist the inspector in locating your construction site.
- Post permit so it is visible from the street for the reasons below:
 - Notifies neighbors that the construction being done by you or a licensed contractor is being checked for local code requirements.
 - Works as a reminder for you to call the Inspection Services Division for inspections as indicated on the permit.
 - Assists Building Inspectors and Code Enforcement Officers with property identification.
- Provide the following items during a requested inspection:
 - Approved plans (on site).
 - Ladders, flashlights, etc.
 - Stake out property lines so Inspector can identify them.
 - Remember to leave work exposed until it has been inspected (and/or re-inspected) and approved.
- Lock/chain-up loose animals. Inspectors will not enter an area where animals are loose.
- Call Inspection Services at 602-506-3692 before 2:30 p.m. on any business day to obtain an inspection for the following business day.
- Due to the large numbers of inspections scheduled each day and the distance between inspections, we are unable to provide an estimated time of arrival. However, you may call 602-506-3301, after 4:00 p.m., and staff will verify that you are on the following day's inspection list.
- Follow the above instructions to ensure you are not charged a re-inspection fee. If an inspector has to re-inspect work, a re-inspection fee will apply. Additional inspections will not be completed until this fee is collected.
